

SMALL MANUFACTURER OF THE YEAR AWARD

Diversified Plastics was named the 2004 Small Manufacturer of the Year by the Manufacturers Alliance. This prestigious award is presented to manufacturers who exhibit an openness to share experiences with their peers, actively pursue change and willingly share this new knowledge.

Within the industry, Diversified Plastics is highly regarded as a company whose leadership firmly believes in giving not only to its customers but to its employees and the community at large. Our educational seminars and presentations, the quarterly newsletters and our employee's involvement with the community portray this commitment.

The Manufacturers Alliance hosted the award ceremony on April 8, 2004. The Manufacturers Alliance is an association of approximately 700 members that provides peer-to-peer education and resources for manufacturers. Their mission is to provide practical and profitable solutions to diverse operating concerns for manufacturers through peer experience, experts, education and networking.
